

Options Homework for MFIN 820

Refik Türkel

22/2/2019

For my homework, I'm selecting Tesla, Inc. as my last name starts with T. As of this writing, Tesla's stock price is \$292.74. I have downloaded options prices from Yahoo Finance on 21/02/2019 15:08:00 EST.

Q1. Confirm that higher exercise prices mean lower call prices and higher put prices.
